COFFEE & TEA OUR SELECTIONS

Enjoy our custom blend coffee, hot chocolate and tea as well as seasonal specials from our coffee and beverage range.

FUNK CUSTOM ROAST - THE BLEND

The classic café coffee.

We roast and blend high-quality beans sourced from Africa, Central America and India to deliver a robust, full-bodied coffee with chocolate sweetness. With a rich, vibrant profile and syrupy texture The Blend perfectly captures the FUNK café experience.

FUNK ORGANIC DECAF

Funk organic decaf coffee uses the Swiss Water decaffeination process which is all-natural, with no chemicals directly or indirectly added to extract the caffeine. This allows a delicious dark roasted coffee without the worry of too much caffeine or chemicals.

TEA DROP TEA

At Funk we offer a selection of fine teas from Tea Drop, a small tea house led by a team of young souls in love with tea and travel. They scour the globe to find the best and most exciting leaves. Choose from Supreme Earl Grey, English Breakfast, Peppermint, Honeydew Green, Cleopatra's Chamomile.
